Performance tests for soybean will be conducted within the major soybean producing areas of the state by the Department of Plant and Soil Sciences. These tests are conducted to determine variety performance.

Each entry by seed producers and additional entries entered by the Department of Plant and Soil Sciences will be planted at a minimum of three locations per test. Results of yields and other important agronomic characteristics will be available to the public.

It is understood that the Department of Plant and Soil Sciences, Oklahoma Agricultural Experiment Station will be in full charge of all tests and that the department assumes no liability to any individual or firm making any entry beyond fair and just conduct of the tests.

Rules Governing Entries

Eligibility: Any individual or company is eligible to enter lines or varieties.

Entry: Entry is initiated by submitting a complete entry form with each variety listed as you want it to appear in the summary. Please reproduce entry forms as needed. Mail completed entry forms to Chad Godsey, Department of Plant and Soil Sciences, 368 Agricultural Hall, Oklahoma State University, Stillwater, OK 74078-6028. Intent to submit entries with notification by telephone 405-744-3389, fax (405-744-0354), or email (chad.godsey@okstate.edu) is acceptable, but a signed hard copy is required to complete official entry, and must be received by the due date for seed for tests (dates listed below).

Seed for Planting Tests: Please send the appropriate amount of seed per entry per test (see enclosed table). Seed must be received by April 1. Seed of all entries should be shipped to Bob Heister, Agronomy Research Station, 318 S August, Building 609, Oklahoma State University, Stillwater, OK 74078-6018.

Entry Fee: A fee will be charged on each entry (see accompanying table) and is due by April 15. Please make a check payable to the Department of Plant and Soil Sciences, Oklahoma State University and mail to Chad Godsey at the address provided above. Receipt of the completed and signed entry form, the seed, and the fee completes submission of entries.
